Modern Literature for Oral Interpretation

By GERTRUDE E. JOHNSON
University of Wisconsin

12mo, 418 pages, list price $2.00

This is a practice book for courses in vocal expression, interpretative reading, etc. Practically all of it is devoted to material, that is, space is not given to text discussion of voice, gesture, etc. A large proportion of the selections are modern and for the most part by American authors. Generally they are by contemporary writers. Very few of these selections have been available before. They are not found in any other compilation. The biographies on contest material, helpful texts, and other material for interpretation, the program suggestions, and the many suggestive notes add to the usefulness of the volume.

PROSE FICTION

The more liberal Recommendations of the College Entrance Board introduce many titles that teachers have difficulty in obtaining outside of expensive copyright editions.

MACMILLAN'S POCKET CLASSICS SERIES

is rapidly adding these titles. It now includes practically all the works recommended in the 1920–22 Uniform Requirements and is undoubtedly the most complete and satisfactory series of classics for schools.

The text of each classic has received special attention and the editing is marked by sound scholarship and judgment. The notes are suggestive and helpful without being obtrusive.

The books are well printed on good paper; they are firmly bound in serviceable brown cloth; and in every sense of the word the workmanship is excellent.

The price being uniform, **48 cents a book,** is likewise the lowest average price at which schools can purchase the classics in modern editions well edited and well bound.

We have recently added several fiction titles hard to find in good school editions:

DICKEN'S OLIVER TWIST
KINGSLEY'S WESTWARD HO!
LONDON'S THE CALL OF THE WILD
READE'S THE CLOISTER AND THE HEARTH
SCOTT'S GUY MANNERING
SCOTT'S ROB ROY
WISTER'S THE VIRGINIAN

And we publish this month in the Pocket Classics Series:

CHURCHILL'S THE CRISIS

This mighty novel of a great epoch with its remarkable picture of the American "who belongs to the ages" is offered now in inexpensive form, although still in copyright, because the author and publisher feel that the book is of such decided importance educationally that it should not be withheld from schools on account of price.

MORE THAN 175 VOLUMES. UNIFORM QUALITY. UNIFORM PRICE
